

Sew Special Staff

Debbie Breaux

Debbie has worked for Sew Special for ____ and is currently the office manager and my right hand. I have enjoyed working with her and knowing that if I need anything...I can ask her and she will help me get there. She orders our merchandise, and works with our BERNINA area insuring she stays current with all of the new machine information.

Terry Tech

Terry Tech..has worked at Sew Special for ____ years. She came to me and said I think I want to work on machines. I asked her if she thought she had mechanical aptitude. She replied that yes, she had repaired B52 bombers in the Air Force. She started her job with a trip to BU in Long Beach, and has continued to grow and master her mechanical skills every year. She also keeps us very entertained with her wonderful sense of adventure each year at BU.

Joyce Schaefer

Joyce has worked at Sew Special for ____ years. She is our quiet one, with amazing skills. She has a wonderful color sense, and makes many of the beautiful samples in the store. She also patiently waits each month for the cutting instructions for \$5.00 quilt and cuts all of the kits for this program.

Sherrill Nester

Sherrill is the kindest, most patient and sweetest woman I have ever met. She loves quilting and wants everyone else to love it as much as she does. She will help you pick fabric, find a pattern and even help you design a quilt if you need it. She is our "glitz" queen, because all of her samples have sparkly crystals on them. She makes all of the embroidered samples

Virginia Mann

Virginia is our oldest employee in more than one way... She has worked at Sew Special longer than any of us. She used to work with the two previous owners. She is also the oldest by age, but her enthusiasm for quilting makes her great fun to work with. She makes many samples, and cuts fabric for us on our busy days.
